HOW TO BID

What to Bid On:

As you read through the catalog for the first time, record the numbers of all the lots you are interested in on a worksheet. If you are interested in specific types of coins, be sure to check the catalog index.

How Much to Bid:

The price you bid is determined by you. You must remember the value that you place on the coins. Check the values listed in the catalog and decide what you are willing to pay. You should bid generously on the lots you strongly wish to obtain. If there are some lots you would like to have 'if the price is right', then you may want to place nominal bids on those lots. Because a number of collectors choose to bid on many lots, the number of successful bids will be relatively small. This is controlled by a very active market. **You can safely extend your bidding** (and take advantage of a 'bargain') by placing a dollar total limit on your bids. Should your total be reached before all your bids are executed, we will then terminate your bidding.

Remember that your bids are limits. It is possible, and quite often does occur, that you will succeed in purchasing a lot for less than your bid since we start the floor bidding at about 5-10% above the second highest mail bid. Example: You bid $500.00 on the lot and the next highest mail bid is $400.00, we start the lot bid at $425.00. If there are no bids from the floor, you will then be awarded the lot at $425.00 - or if the floor bidding stops at perhaps $450.00 or $475.00 then you will receive the lot at a small advance above the top floor bid. If bidding continues above the $500.00, then that floor bidder will be awarded the lot.

How to Fill Out the Bid Sheet:

On the Bid Sheet you will observe that there are two different column headings. Lots and Bids. When you decide on the lots you want to bid on, enter the lot numbers under the proper column and the maximum amounts you are willing to pay for those lots in the proper column.

LOT	BID	LOT	BID
482	550.00		
517	900.00		
614	130.00		

If you have checked one of the increase boxes, you will be allowing us to increase your maximum bid in order to obtain the lot which is going for more than you had anticipated. We will buy the lots for you as low as possible as outlined in the TERMS OF THE SALE.

OVER THE YEARS

Commentaries based on cataloging over 300 sales and 51 years collecting - since 1928
(including THE LARGEST A.N.A. SALE EVER HELD-1977)

Our 314th sale January 26-27 held in conjunction with the Numismatic Association of Southern California at Los Angeles continued to reflect the "BOOM" in the coin and currency market. Many new records were set. The limited supply of choice and rare numismatic material, combined with the strong demand and backed by adequate funds is the formula which results in rapidly rising values. We had occasion recently to compare the values of two and three years ago with the current market and note a number have more than doubled since then.

While gold, large size U.S. currency and silver dollars seem to be the most popular today, we believe that nice copper coins (Colonials, Half Cents, Large Cents and Small Cents) are somewhat undervalued. While the other series have risen markedly the past decade or so, many of these coppers can be obtained at prices which have prevailed for some years. The Two-Cent, Three-Cent and Five-Cent pieces, after being dormant for several years, joined the silver and gold in popularity about two years ago.

The current strong demand for "Choice" and "Gem" has had an interesting side-effect. Some have been rejecting "Mint-State-60" specimens claiming the usual "bag-marks" disqualify it as uncirculated. Under the A.N.A. grading system, the usual "uncirculated" coin will be just that — no wear but with the usual amount of minute marks acquired by being shipped in sacks and then wrapped into rolls by machines. Those that survive with only a few bag-marks are graded Choice "BU-60+" and the very few that have a minimum of marks then are graded "GEM BU-65." Rarely, does a specimen come virtually free of any marks and this would be "Superb GEM BU-65+!" Please do not bid on coins described as "BU-60" and expect to receive "Choice BU-60+" or "GEM BU-65."

With the rapid advance in values, many true collectors have found that they can assemble a nice appearing collection within their budget by being content with "BU-60" or nice circulated specimens. These too have been advancing in values, although not quite as rapidly as the elusive "Choice" and "Gem" grades.

Since a number of our friends have remarked about the letter sent us by the Coral Ridge Presbyterian Church regarding the sale of the James Lindsay collection, we have been considering publishing some of the other complimentary letters received over the years thanking us for the help and service given them in disposing of their numismatic holdings. Perhaps we will occasionally do so. We believed over the years that the results we obtained for the consignors was self-evidence of the research and effort devoted to obtaining the maximum results for the owners. The continuing flow of collections for our 315 sales extending back to the 1930's has been ample reward. We hope to continue meriting the confidence placed in us.

REGARDING ANA CERTIFICATION

KAGIN'S ARE PROVIDING COMPLETE AMERICAN NUMISMATIC ASSOCIATION CERTIFICATION OF YOUR RARE AND UNUSUAL COINS. We at Kagin's think that this certification service is essential in assuring the authenticity of the coins you purchase. This certification service guarantees you the genuineness of the material handled in a Kagin's Auction. **FOR ALL OF THE COINS FEATURED WITH PHOTOGRAPHIC REPRODUCTIONS ABOVE THEIR RESPECTIVE LOT DESCRIPTIONS WE WILL FURNISH ON REQUEST AN ANACS CERTIFICATE.**We are pleased to provide this service for our consignors at no extra charge.

The American Numismatic Association Certification Service, ANACS, is a branch of the federally chartered, non-profit, educational American Numismatic Association. The professional staff at ANACS examines and when necessary, will conduct non-destructive tests on numismatic material submitted for certification. The results of these tests are then furnished to the person submitting the item along with a statement of ANACS opinion concerning the authenticity of the coin.

All coins that are determined to be genuine, and the great majority of them are, are then issued a certificate of registration. This certificate records an identifying code number, a statement of authenticity and documented photographs.

Kagin's is the only auction company that offers this ANACS for all the major coins featured in our auctions. This is a valuable benefit that Kagin's is able to offer you. It protects the collector and the consignor. You will be able to take advantage of this essential service when you consign your coins to a Kagin's auction.

364. **1799/8** OVERDATE, 15 STARS REV., B-3, ERROR DIE which engraver tried to correct by placing clouds over first and last stars, but the points of the stars "peep out" from the clouds. **Choice Borderline UNC-55,** nice strike with full edge dentilations and natural bluish golden toning. VERY RARE (Rarity 5). We do not recall ever seeing a fully UNC specimen, therefore, this highly desirable one has to be "CONDITION-CENSUS"! The $6,000 catalog value for "UNC" we believe to be "theoretical", rather than based on any auction records or outright offerings in UNC. In addition, this "Type" coin is many times rarer than the other varieties which are listed at the same value.

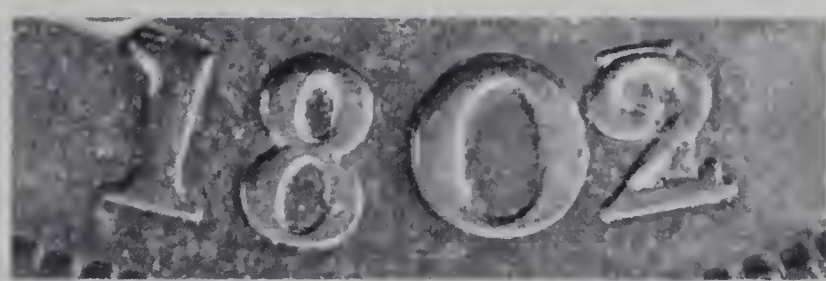
365. **1799** B-4, **15 STARS REV,** Irregular Date, **Borderline UNC-50+,** Lovely golden gray luster, only barest friction. FULL STARS, COLLAR LINES & TOP HAIR STRANDS but center hair strands back of ear not fully struck up. Among the rarest of the Major Heraldic Eagle varieties listed in the Guidebook! Probably "CONDITION CENSUS" as we do not recall seeing a full mint state specimen of this rarity. The 15 star error reverse corrected by placing clouds over the 1st & 15th stars (points of stars "peep out" under the clouds). 3,500.

366. **1799** B-5, **Choice Extremely Fine-45,** tiny edge nick rev. Nice Full Strike, bluish golden color. 1,000.

367. **1799** B-11a **Choice About UNC-55,** Rarity 5, No berries on olive branch. Heavy die break from border just touching rt. side of "D" in "UNITED" to fourth feather of wing. Listed by Bolander as "VERY RARE"! Possibly "FINEST KNOWN" for the variety! Lovely original mint luster throughout. Strong sharp detail. Only rubbing on high spots takes it out of the Uncirculated catagory. A true numismatic prize!

368. **1800** B-14 "Dotted Date". **Very Fine-20.** Rarity 3. 650. *PLATE*

369. **1801** B-1, Wide Date, Bust **Fine** with balance of obverse and reverse being **Very Fine** or better. RARE. Rarity 4. 550.



370. **1802/1** B-1, Close Date (02 close), **Choice About UNC-50+**, nice strike with Full Stars, lovely golden bluish luster. RARE. Rarity 4. "CONDITION CENSUS" as only one full mint state specimen is known! 2,500.

371. **1803** B-6, Large 3, Bust **Choice VF** with balance of coin Extremely Fine. 750. *PLATE*

379. **1847 COMPLETE PROOF SURFACE (Both Sides), SHARP STRUCK, WIRE EDGE GEM!** Lovely iridescent seagreen bluish golden luster. Acquired as "PROOF" but since it does not meet all the criteria associated with full proofs, we hesitate to call it that. Possibly "PRESENTATION STRIKE" (for some "presentation" purpose) would be more appropriate. A remarkable specimen which could bring several thousands.

MORGAN SILVER DOLLARS BY VAM VARIETIES

THE LARGEST COLLECTION TO APPEAR IN OUR SALES

The following lots consist of the impressive collection of Morgan Dollars of Mr. Martin Field. He is known to own the most comprehensive collection of Morgan Dollars in the world.

A highly successful attorney of 35 years, he is retired today and serves as a consultant to one of California's largest real estate financial holding corporations.

He has founded the National Aid to the Visually Handicapped and contributes rare coins through the Martin Field Educational Foundation, which was established 10 years ago. He graduated from Hastings College of Law and also served as President of its Board of Governors. He is also a member of the Society of VAM Collectors, Inc.

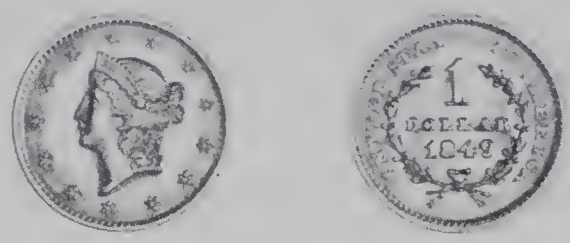
$1 Gold coins are shown 1½ times actual size for improved visibility.

796. **1849 OPEN WREATH,** Small Head, **No "L"** on truncation of bust (similar situation as no "L" and with "L" (Longacre), on 1864 1¢, Sharp Struck, Prooflike but "cleaned" to enhance its luster. ONLY 1,000 STRUCK! Cost 1,500.



797. **1849 CLOSED WREATH,** Large Hd., "L" on truncation of bust, **GEM BU-65,** Sharp Struck! Popular "first year." Note similar at 1,500.

798. **1849-D Choice About UNC-50+,** actually AU-55 with much luster but lt. marks in field. Akers states, "As is the case with most Charlotte and Dahlonega gold coins, the 1849-D is often softly struck on the hair, giving the appearance of wear even if there really is none." Cat. EF $500 & UNC $1,400; this worth? *PLATE*

799. **1850, Choice AU-55,** Lustrous mint color. Sharp detail. 225.

800. **1850-C Choice UNC-60+,** Sharp Struck PROOFLIKE with Full Hair Strands, Stars, etc. A lovely specimen with the faintest hint of cloudiness in the fields. Akers states, "This is the rarest collectible C Mint gold dollar from the standpoint of total number of pieces available. Although there are nine auction records for this date in uncirculated condition, I have never seen one that I would call full mint state, and even strict AU's are very rare." SUPERIOR TO THE PLATE COIN IN HIS BOOK! The $1,650 catalog value for UNC-60 must surely be disregarded for this remarkable specimen.

801. **1851, Choice AU-50+,** Sharp, bright yellow surfaces. 200.

802. **1851-C Borderline UNC-55+,** Sharp Struck! Popular Charlotte Mint. Note "UNC." have brought somewhat above the $1,100 cat. value; this desirable specimen now worth?

803. **1851-O, Choice EF-45.** Lovely New Orleans specimen. 250.

804. **1852-C Borderline UNC-55+,** Sharp Struck, only faint rubbing. RARE. Should bring close to UNC-60, cat. of 1,750.

805. **1853, Choice BU-60+**, Bright yellow color, lt. mark in obv. field. Lt. hairlines. 330.

806. **1853 Choice About UNC-50+**, Sharp with luster. 250.

807. **1853-O Choice About UNC-55,** Sharp Struck, 300.

808. **1854 Type I, Choice BU-60+**, Lusterous deep yellow gold color. Excellent sharp detail. 330.

809. **1854 Type II, EF-40,** Sharp Struck Date(Scarce thus). Cat. 500. *PLATE*

810. **1855 Type II, Choice EF-45,** Lovely sharp detail. Nice coloring. Cat. 500.

811. **1855-O About UNC-50,** Usual soft struck center hair strands (which led to change in design in 1856). ONLY "O" MINT TYPE II DOLLAR.Cat. EF $1,000 and UNC $4,200; this worth?

812. **1856 TYPE III, Slant 5, GEM Brilliant UNC-65!** Popular first year of TYPE III. Note "commoner dates" type III in similar contition at $1,000; this worth?

813. **1856 Upright 5, About UNC-50,** Nice surface color and detail. 180.

814. **1859 VF-30** but repaired at top, polished.

815. **1861 Choice EF-45,** Deep copper gold color. Sharp. 172.50.

816. **1873 Closed 3, About UNC-50,** struck from clashed dies. ONLY 1800 STRUCK when it was realized that the 3 resembled an 8 and a new die was made with open 3. Trends EF $500 & UNC $1,400; this worth? *PLATE*

817. **1874 Gem Original UNC-65,** Full satin yellow surfaces. Strong detail. Only a couple lt. marks take this out of Superb catagory. 800. *PLATE*

818. **1875 Choice Prooflike UNC-60+**, Full mirror surfaces with strong detail in all devices. (Aquired as Proof), as most were, this lacks the main characteristics for being one. All 1875 Proof $1 (B-1) DO NOT have a spine extending from chin. This specimen also has a recut numeral 1 in date on bottom rt. This specimen, highly desirable in any state of preservation. should attract considerable response. Only one of 400 struck! The rarest "P" mint dollar! With the interest of gold the way it is today, this specimen should well exceed the $8,000 cat. listing.

819. **1884,** B-5, **Superb GEM Proof-65+ ,** The double date, Obv. as B-3 but with no line below ear. Rev. date is first recut low, slanting sharply up to right, then repunched higher and level. As Breen states in his book on "Proof Coins," the earliest die state with all digits plain is extremely rare! This coin has all digits showing! ONLY 4 KNOWN! NN 1951, GENA 1974, Garrett 1976, and this present coin. Should break the record set at the Garrett sale of $1,150!

$2½ GOLD

1808 CAPPED BUST LEFT, LARGE SIZE ONLY YEAR OF TYPE

820. **1808** Capped Bust, **Choice Extremely Fine-45,** Bright yellow gold color with exceptional sharpness. Most of rim, which is usually not struck up, is evident on this specimen! Lightly cleaned to enhance its appearance. Only one lt. planchet defect at right stars (as struck) is noted for identification purposes. ONE YEAR ONLY TYPE! A lovely and attractive specimen of this, the "Most Wanted $2½ Gold Coin!" Cat. 13,500.

LIBERTY HEAD

821. **1840-C Choice Borderline UNC-55+ ,** Sharp Struck with Wire Edge and much original luster. Akers states, "Very scarce, particularly in the higher grades" and lists only 6 UNC. and 7 AU appearances back to 1944. The trends of $1,700 for UNC. seems quite conservative in keeping with its rarity. Surely this choice specimen worth 1,250.

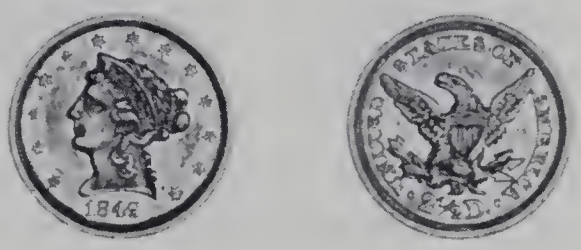
Kagin's

822. **1843-0** Large Date, plain 4, **About UNC-50,** sharper struck than most "0" mints. Scarce. Scott cat. 375.

823. **1844 Choice Extremely Fine-45.** Lovely attractive lustrous surfaces, Very sharp. Rare in all grades. Seldom available. 600. *PLATE*

824. **1845-D Borderline UNC-55+ ,** Sharp Struck, only faint rub. SCARCE! Worth very close to Trends value for UNC. of 1,700.

825. **1846/45-D?** The 46 appears to be engraved over underlying digits, **Choice About UNC-55,** Sharp Struck with most of original luster, tiny contact mark edge rev. Akers states, "Strictly uncirculated pieces are very rare and, except for the one in the Smithsonian Institution, the only one that I have seen was the UNC-60 coin in the 1973 Kreisberg/Cohen Sale." He does not state if that had a re-engraved date. The trends of $1,600 UNC. for a "normal date" seems ultra conservative in keeping with Aker's research. This highly desirable "CONDITION-CENSUS" piece worth?



826. **1849-D Choice About UNC-50+** with luster adhering around date, stars and devices. Superior strike to most seen of this date. Akers states, "Very scarce in high grade and I have seen only two or three specimens that could legitimately be called mint state." He lists only 3 appearances for UNC. and 9 for AU in records extending back to 1944! The trends value of $1,600 for UNC. seems rather conservative; we believe this choice coin worth around 1,000.

827. **1850-0 Borderlind-UNC-55+ ,** only faint friction, Sharper Struck than most "0" mints. Should bring close to Trends UNC. of 550. *PLATE*

NEW Donlon/Kagin Catalog

Personally Autographed by A.M. & Don Kagin

828. **1850-D Choice About UNC-50+**, actually closer to AU-55 but two tiny lt. marks in field. Akers states, "Most known specimens have indistinct or missing denticles. Always softly struck on the eagle's legs and arrow feathers. This date is difficult to obtain above EF and the only uncirculated one that I can recall seing was the Scanlon coin." The legs and feathers on this one are SHARPER STRUCK than on the plate coin in Akers' book. Trends EF $500 & UNC. $1,700; this worth about 900.

829. **1851-D Brilliant Borderline UNC-55+**, only faint rub away from Full Mint State! Superior in strike to most known specimens. Akers states, "Scarce in all grades, and very rare above EF. I have never seen a full mint state coin and only two or three others that could legitimately be called AU." Surely worth the "theoretical" trends value for UNC. of $1,700. Where could you find a choicer specimen?

830. **1852-C About UNC-55,** only slight rubbing, edge nick rev. Akers states, "Always seen weakly struck, particularly on hair around Liberty's face and on eagle on rev. The 1852-C is very scarce in all grades and is, in fact, very nearly as rare as the much lower mintage and more highly regarded 1852-D." Akers lists only one UNC. and 5 AU specimens offered at auction back to 1944! Therefore the "UNC" Trends of $1,800 is certainly far too low; this choice one worth?

831. **1855-C Choice About UNC-55,** Sharper Struck than most seen over the years, much luster. Scott states, "R-6. Unknown in UNC." Undoubtedly "CONDITION-CENSUS." Surely this rarity worth close to the "UNC." catalog of 3,500.

832. **1877 Choice Brilliant AU-55,** Fantastic deep mirror, Prooflike surfaces with lt. rubbing in fields. Exquisitely sharp in all detail but no doubt, a business strike. With a total mintage of 1,652, how many can exist today this lovely? 1,000.

838. **1881 Choice Borderline UNC-55+,** Brilliant yellow gold color with prooflike fields. Lt. surface marks and faint rubbing is noted. Very popular rare date with a mintage of only 640! $3 GOLD

851. **1854 Type I** (only year) with tiny "DOLLARS", **Brilliant Borderline UNC-55+ ,** faint rub on obverse removes it from full Mint State (it does have full luster). Naturally acquired as "BU" at $1,250. Trends UNC. $1,800; this worth close to it.

DRAPED BUST LEFT

1826 $5 GOLD

858. **1826 About UNC-50,** Lightly cleaned to enhance its brilliance, lt. friction, bright yellow gold color, excellent sharpness noted in every device. Partial wire edge. Characteristic recutting at stars 4, 5, 6. Struck from partial rusted dies as evident at left of 5, under bundle of leaves, and at "U" in "UNITED" on Rev. EXTREMELY RARE. This specimen should certainly create much enthusiasm and bring close to the five figure mark!

CLASSIC HEAD & LIBERTY HEAD

859. **1835 Choice Extremely Fine-45+ ,** Full strike with every detail struck up. Lt. marks. 350.

860. **1843 Extremely Fine-40,** Sharp detail. Yellow gold color. 140

861. **1844-C Choice About UNC-55,** Sharp Struck with FULL STARS, just the barest trace of friction. Only 23,631 struck. Scott states "Unknown in UNC." Acquired as "FINEST KNOWN-Atwater #1759." Current research reveals that an uncirculated specimen did appear at auction in 1978 and fetched $4,750; this choice one worth proportionately.

862. **1846-D Choice About UNC-50+ ,** actually AU-55 with much luster and Sharp Struck but lt. edge marks. Scott states, "Very rare in UNC." The Guidebook value of $600 EF & only $1,400 for UNC. seems quite conservative in keeping with the above statement.

863. **1846-D** Double Mintmark, **Fine-15,** Complete double punched "D". Very unusual! Old cleaning noted. 200.

864. **1847-C Very Fine-30,** Sharp but cleaned, sm. lt. scratches. 275.

865. **1853-D Brilliant Borderline UNC-55+ +,** Sharp Struck with Luster. Since it does not have 100% of the original luster, we cannot quite accept it as the "Choice BU" for which it was acquired. The trends of only $1,650 for UNC. has evidently not had time as yet to reflect the somewhat higher prices realized in recent auctions.

PERSONALIZED INVESTMENT SERVICE

Many auction bidders ask us for advice on how to invest in rare coins. Collectors who are building specific collections often ask which dates to buy first, or which condition of coin is best for them to obtain, etc. Other bidders ask us simply for the "best opportunities for investment."

In response to these requests, we have developed the Kagin Numismatic Investment Program — a program which differs from all others.

You receive the personal attention and service of A.M. (Art) and Don Kagin who work with you to develop an individually-designed program that will meet your specific needs.

A.M. Kagin is a professional numismatist who has been active in numismatics for more than 50 years.

Don Kagin is the recipient of the first Ph.D. conferred in numismatics.

We will personally service your account, making suggestions for acquisitions and making sure your collection meets your individual needs.

Kagin's is particularly noted for:

U.S. currency—We edit and publish the **Donlon Catalog of Large Size U.S. Currency 1861 to 1923.** (New 1979 edition just published). Our currency Investment Program includes only **Choice** and **Superb** Notes selected from the **Largest Inventory of U.S. Currency available.**

Pioneer and Territorial Gold—Don Kagin is currently writing the book that will be the new guide for Pioneer and Territorial Gold. When the book is published, rarity ratings will be drastically changed on a number of coins, and there will be fewer "bargains". Avail yourself of this service **NOW** before prices advance further.

Whether you wish to collect specific coins or to make general investments, our Investment Program offers you the following additional services:

- Inclusion in Keogh Retirement Plans and Individual Retirement Accounts.
- Pension Funds.
- Numismatic Tax Counseling.
- Personal Consultations.
- Personalized programs designed to fit your individual needs.

- *When you are sick* — CONSULT A DOCTOR
- *When you have legal problems* — CONSULT A LAWYER
